To: Mr. PAUL GALLOWAY
Executive Director
Airborne Fayetteville Museum.

Dear Sir;

On behalf of all ARVN paratroopers, please, we would like to send our sincerity thank to you and the members of directorial board of museum Fayetteville who had permitted us to attend the ceremony of the paver on July 18, 2013.

The soldiers often did not have their voices in the conference tables, and make any final decision for their own life even though they had to fight and sacrifice on the battlefield.

Act of the museum accepted the memorial placed the dedication of the paver of our general's commanders of the airborne division of ARVN as a symbol of recognition of merit soldiers, the paratroopers of both countries who selected the right way to serve for the ideals of Freedom, Democracy and Human Right in Viet Nam. And history of two countries will definitely deserves a place reserved for them.

Sincerely,

Red Beret Tien Quang Le MD.
